

“Property management provides the opportunity to help clients to see the value in their investment. I find satisfaction in maintaining properties to meet client’s expectations.”

West Michigan has always been home for Roger. He appreciates the diversity and opportunities that the market offers. By living and working in Grand Rapids, Roger is able to play a small part in what makes the area great.

Roger is well-versed in all things maintenance. His extensive background in facilities management has given him the necessary experience to service our property management clientele with excellence.

As the lead maintenance technician, Roger works alongside the property management team to ensure that all maintenance requests are completed correctly and in a timely fashion.

Roger delivers the highest level of service through responsive, consistent, positive and professional interactions with team members, tenants, owners, and clients.
